

Social Media and Graphic Design Intern

Project Title	Social Media and Graphic Design Intern
Project Summary	Are you passionate about the National Parks and social media ? As a social media and graphic design intern, you will work closely with our Social Media and Interpretation Teams to create fun, engaging, interesting, and creative social media content for our virtual audiences.
Country	United States

Project Description

If you are creative and want to help others understand the importance of voting rights this is the job for you! At the Selma to Montgomery National Historic Trail you will work with the Social Media and Interpretation Team for 10 hours per week over six months. You will create and edit videos, virtual polls, design text and visual elements that will be posted on the park's social media platforms. You will be able to design flyers, booklets, and create posts about historic events, people, places, and their relevancy today.
